July 31, 2020

To: All family members of a current Resident at St Martin's and to our friends

Unfortunately, I want to inform you that we received some of our COVID-19 test results back this afternoon and 2 of our staff have tested positive for it. They are asymptomatic but will self-quarantine for 14 days and then be retested twice before being able to return to work after 2 negative tests.

We have been in touch with the Maryland Department of Health and will continue to follow their guidance, as well as, any guidelines from Governor Hogan, the Centers for Disease Control and CMS for any changes or updates that we receive.

All staff are wearing face masks, practicing social distancing and good handwashing techniques along with infection control measures. All staff are reminded to reasonably limit their contacts when out in the local community, on public transportation, or when they are off duty so that they can remain virus free and not become carries to others.

Our Home remains in lock down and any reopening will be at a very slow pace in order to protect the lives of our Residents, family members, staff and Little Sisters. We thank you for your understanding and ask that we join us in praying to the Lord so that this worldwide Pandemic will end soon.

Most sincerely,

Mother Joseph Caroline
