September 10, 2021

To: All family members of a current St. Martin's Resident and to our friends,

Once again I am pleased to tell you that all unvaccinated employees of the Little Sisters of the Poor, St. Martin's Home tested negative. At St. Martin's, we strive for smiles each day and this news brings broad smiles to all the Sisters, Residents and staff. We so look forward to the day we can bid farewell to the coronavirus and look back on these past several months as a time when we prayed stronger, hoped harder, and trusted more in the goodness of God and our patron, St. Joseph.

Governor Larry Hogan announced on September 7, 2021 that, according to official CDC data, 95% of Marylanders 65 and older have now received at least one dose of a COVID-19 vaccine. And 80.4% of those over 12 are vaccinated as well. This is good news for all of us but we must pray for these numbers to reach 100%.

We look forward to many more weeks of nice weather during which we encourage you to visit with your loved one. Danielle, our Activities Director and Nikki, our Activities Assistant, are most happy to make the arrangements for you. If you're out of town and prefer to visit via FaceTime, Skype, Zoom, cell phone, etc., they look forward to assisting you electronically as well.

Remember that the Little Sisters are praying for you and for an end to this pandemic. Let us pray together for the safety of one another and ask St. Joseph to protect us all.

Most sincerely,

Sister Jeanne Mary, l.s.p.  
Superior
