October 29, 2021

To: All family members of a current St. Martin's Resident and to our friends,

More than 18 months ago when we implemented our first measure to battle COVID-19, we never imagined the fight against this pandemic would last so long. I am so grateful to God and our good St. Joseph for keeping our Residents safe during these uncertain times. I am also grateful to the Sisters, the nurses, our activities department and all those who work at St. Martin's for their commitment to creating exceptional experiences for those we serve. They will be an inspiration to the future caregivers of St. Martin's and it is a legacy that won't be forgotten.

We are steadfast in our commitment to provide the safest possible environment and we are pleased that both testing days this week for unvaccinated employees produced negative results. I am also pleased that 83% of our employees are fully vaccinated and it is gratifying to see that number rise. Additionally, on November 3 from 9 a.m. to noon, Ascension St. Agnes will be here to give the Pfizer booster shot to our Residents, Little Sisters and staff. And on Wednesday of this week, Walgreens completed our 2<sup>nd</sup> flu clinic.

We must all do our part to help reduce the number of people affected by this virus in any way we can. We hope that if you have not done so already, you will consider getting vaccinated not only for your protection but also for your loved ones. Our Residents are excited to see you so please do so as safely as possible.

The Little Sisters continue to pray for you and your loved ones. We ask that you also remember us in your prayers.

Most sincerely,

Sister Jeanne Mary, I.S.P.  
Superior
