To: All family members of a current St. Martin's Resident and to our friends

Happy Sunday to all of you! I want to update you about this last Thursday's test results as we have received the results back and 2 employees have tested positive. They are now on quarantine at home and will have 2 negative tests before returning to work. One of these employees works very infrequently on one of the cottages and we have tested the Residents and they are all negative. The other employee does not work with the residents.

We are so fortunate to have very dedicated staff who are working tirelessly to promote the well-being and safety of all those we care for here in the Home, We continue with social distancing, wearing masks, hand hygiene and good housekeeping to try to fight off this invisible enemy that has changed the lives of everyone.

The surge after the holiday season has shown itself throughout the entire Country and we are encouraged and look forward to Walgreen's coming this week for the COVID-19 vaccine clinic. We pray that this will give us all a boost and help us return to some normalcy in our lives, so that we can welcome you once again to see your loved one.

Keep us all in your prayers and we pray for all of you.

Most sincerely,

Mother Joseph Caroline, I.s.p.
