

June 4, 2021

To: All family members of a current St. Martin's Resident and to our friends,

I am very happy to report that the testing this week for the staff and Residents who needed to be tested have all been negative. The Little Sisters are committed to the health and well-being of our Residents in mind, body, and spirit. Along with our dedicated staff, we are focused on delivering the excellence in care you have come to expect and have entrusted us to provide to those you love most.

As family and friends begin to enjoy being close together with their loved ones again, please remember that our guidelines will continue to be a little more restrictive than the larger population. We hope that over the next weeks and months things will continue to improve with the positivity rates in our area and the Governor, along with CDC and the Maryland Department of Health will relax some of the regulations for Long Term Care and Assisted Living homes.

Please continue to reach out to Danielle, our activities director, to schedule an in-person visit or for assistance with Zoom, FaceTime, phone calls, etc. As the weather continues to cooperate, outdoor visits are a favorite of the Residents. Whatever your preference – indoor, outdoor, Zoom, etc. – your loved one just wants to see you.

Our Little Sisters continue to pray for you and your family. As we look forward to much brighter days ahead, I ask you to remember us in your prayers also.

Most sincerely,

Sister Joseph Caroline, I.s.p.
Superior
