December 3, 2021

To: All family members of a current St. Martin's Resident and to our friends,

Once again I am very pleased that there are no cases of the COVID-19 virus among our unvaccinated employees. Both days of testing produced negative results.

As you probably are already aware both from the national and the local news, there was a change to the previously announced protocol for those not vaccinated. Originally effective December 5, 2021, all staff and volunteers were to either be vaccinated, have started the vaccination process, or provided documentation of either religious or medical exemption. However, a Federal Judge ordered that the Department of Health and Human Services and the Center for Medicare and Medicaid Services could not implement the mandate. This is a preliminary injunction that will remain in effect pending final resolution or further orders from the Court.

Keeping the lines of communication open with you has been critical. We once again want to take this opportunity to thank you for the opportunity to care for your loved one. It is a privilege to serve them.

Please join us in praying for an end to COVID-19 and its variants. May God continue to watch over you during this holy Advent season.

Most sincerely,

Sister Jeanne Mary, I.S.P.
Superior
