---

January 21, 2022

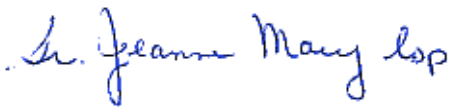

To: All family members of a current St. Martin's Resident and to our friends,

On January 13, 2022, the Supreme Court lifted injunctions against the Centers for Medicare and Medicaid Services (CMS) in regard to the vaccination of all employees in nursing homes. The rule to be vaccinated applies to all current and future employees of nursing homes whether they are employed by the Home or work on a contract basis. The majority of our employees meet the criteria and the remaining few have begun the vaccination process.

Our twice a week testing continues and this week I am very pleased that only one employee tested positive for COVID-19. This employee is currently quarantining at home. In accordance with CMS and the Maryland Department of Health, twice a week testing will continue until further notice.

The Little Sisters thank you for your continued prayers and support. Please be assured that our daily prayers are for the health and wellness of you and your family.

Most sincerely,

Sister Jeanne Mary, l.s.p.  
Superior
