February 18, 2022

To: All family members of a current St. Martin's Resident and to our friends,

For the second week in a row, we had no positive results from our testing. However, going forward, we will continue to test all employees twice a week.

Although Baltimore County withdrew its mask mandate, St. Martin's Home, together with all nursing homes in Maryland, follows CMS (Centers for Medicare and Medicaid Services) mandates. Accordingly, all employees, whether vaccinated or unvaccinated, together with visitors who are not vaccinated, must continue to wear masks while in our Home.

Governor Hogan's website posted, "Since peaking last month just below 30%, Maryland's COVID-19 positivity rate has declined by 88.2%. The state is reporting the lowest positivity rate in the United States." That brings us to below 5% which is what we have been asking of our good God and St. Joseph.

The Little Sisters join me in praying for you and your families and for an end to the pandemic.

Most sincerely,

Sister Jeanne Mary, l.s.p.
