March 11, 2022

To: All family members of a current St. Martin's Resident and to our friends,

Once again this week all testing done on unvaccinated employees was negative. However, we received a new directive from CMS (Centers for Medicare and Medicaid Services) which will increase our testing.

Beginning next week, together with unvaccinated employees, we will also test those employees who have not received their booster. As always, when and if additional changes are enforced, I will let you know.

Please be assured of the prayers of the Little Sisters for you and your families.

Most sincerely,

Sister Jeanne Mary, l.s.p.
Superior
