May 12, 2022

To: All family members of a current St. Martin's Resident and to our friends,

COVID testing today resulted in two additional Residents and two additional staff members testing positive. Twice a week testing and daily assessments for COVID-19 signs or symptoms remains in effect for both Residents and staff. In addition to monitoring everyone for symptoms, we continue to wear the proper Personal Protective Equipment and practice social distancing.

This is not the news you wanted to hear nor is it the news we wanted to bring to you. However, we want to assure you that group activities are cancelled until further notice and the Residents in cottages with an outbreak are confined to dining in their rooms.

As of this writing, the visitation status has not changed. We ask that you remain diligent in wearing your mask and obtaining a negative COVID test within 72 hours of visiting your loved one. We also ask that if you have not received your 1st and/or your 2nd booster that you strongly consider getting them. This is the best and only recourse we have in fighting this pandemic.

The Little Sisters join me in praying for you and your families.

Most sincerely,

Sister Jeanne Mary, I.S.P.
Superior
